EDUCATION

Vellore Institute of Technology, Chennai — *M.Tech Integrated*

July 2019 - May 2024

- Software Engineering
- Aggregate – 88%

Akshara Junior College, Hyderabad — *Intermediate*

April 2017 - May 2019

- Math ,physics and chemistry
- Aggregate – 96%

Sri Chaitanya High School, Hyderabad — *SSC*

April 2016 - March 2017

- Aggregate – 92%

PROJECTS

Artificial intelligence chat bot system — *AI*

The chatbots are the computer programs that use Natural Language to interact with users.in this I created a chatbot for medical purposes that can diagnose the disease and provide details before consulting a doctor.

Online Toll payment system — *Java*

I have created a portal that accepts the toll payments ahead of their journey and that reflects in our system. So that it is easy for people to move fast and make their journey successful.
